Professional and efficient throughput that improves business productivity

The MC561 multifunction product (MFP) puts professional document production and management in reach of every business or busy workgroup.

This compact and ergonomically designed desktop MFP is easy to use and allows you to effectively and efficiently copy documents, produce full colour prints, scan to a variety of locations and fax important documents.

Delivering outstanding colour quality on a wide range of media the MC561 allows your business to produce professional in-house documents that meet your

expanding demands. A combination of OKI digital LED printing technology with advanced digital scanning, a Reverse Automatic Document Feeder (RADF) and automatic duplex printing makes producing copies or making scans of double sided documents a simple task.

The MC561 is low cost to purchase and to run whilst advanced power management techniques deliver a 'Deep Sleep' power consumption of less than 1.5 watts, saving you money when the unit is not in use.

Fast, effective document output and handling

Built to perform, the MC561 brings fast, high definition colour printing and document management right to the workgroup. The MC561 combines printing, scanning, copying and faxing with unique OKI software to guarantee optimum operation. ProQ2400 technology gives you consistent outstanding colour output, which combined with the capacity to print on a wide range of media allows you to create professional looking marketing material in-house. Thanks to the standard RADF double-sided documents can be printed, copied or scanned quickly and efficiently.

- Digital LED printing and scanning technology provides outstanding results and exceptional print quality
- Scanning/copying/faxing double-sided documents is quick and simple using the 50-sheet RADF
- Duplex printing as standard
- Print speeds of up to 30ppm and rapid first page out time of 7.5 seconds
- Send and receive fax documents at high speed with Super G3 capability
- ProQ2400 multi-level output quality, 1200 x 600dpi print resolution
- Flexible media handling: from A6 to 1200mm banners; card stock up to 220gsm
- Colour Correct and Colour Swatch utilities enhance colour matching and quality to produce professional office documents
- OKI Template Manager makes it easy to create and print a range of useful documents, like business cards, label and banners

Qwerty keypad makes life easier when emailing scans to any recipient

Easy to use features for greater efficiency

The MC561 is packed full of useful features to improve your businesses efficiency and improve user interaction in your workplace by providing convenient and time saving functions. The large graphical LCD display and the easy-to-use intuitive operator panel, with dedicated function buttons, help the MC561 to be a valued asset to everyone in the team. High yield consumables are also available, reducing costs and increasing efficiency.

- Easy to use operator panel, including Copy, Scan, Print and Fax function buttons for simplified interaction
- User adjustable 3.5 inch graphical LCD display for improved visibility of menus and system navigation of advanced features
- Print directly from/or scan to USB stick via Host USB port for user convenience
- Scanning to email, network PC or USB provides flexible document distribution
- Embedded LDAP provides direct access to contact and email data from an existing directory server, saving time and improving the reliability of document delivery
- 5,000 page consumables for higher productivity and reduced cost

Driving your energy costs down

Combining four devices into one, the MC561 reduces your energy usage, frees up valuable office space and lessens your impact upon the environment. Intelligent features, such as ECO and Deep Sleep modes combined with duplex printing, scanning and copying, ensure optimum productivity whilst helping to protect the environment and the bottom line.

- ECO mode automatically adjusts energy consumption, saving costs and conserving resources
- Deep Sleep mode saves you money by reducing energy consumption to less than 1.5W
- Duplex printing and copying reduces paper and energy usage
- The scanner uses an instant-on LED light source which delivers stable images and lower power consumption.

Intuitive control and management tools

Putting you in control, a range of advanced features and in-the-box software utilities provide even more value for your money. These tools can help you control print usage and user access rights, streamline your document handling and assist with file sharing or archiving. The MC561 is fully networked for sharing across many users, reducing costs and increasing efficiency. A standard layout (Qwerty) keypad allows for instant typing of addresses when emailing scans directly to a recipient, especially when deadlines are tight.

- Nuance PaperPort converts hardcopy into digital content
- Nuance OmniPage (OCR) converts documents into editable electronic files
- Job Programs allows the user to define regularly used functions for repeated use, to save time
- Automated Delivery forwards received emails or faxes to specific email addresses or folders, so that they can be reviewed on the move

- 10/100 Ethernet built-in integration with your network, allowing sharing across many users
- Qwerty keyboard for instant typing of email addresses, for quick turnaround
- Secure Print function allows confidential documents to remain that way
- Colour Access Policy Manager (CAPM) software for controlling and monitoring user access rights
- PrintSuperVision for monitoring, reporting and managing networked printers in real-time
- Print Control allows you to control your print costs and usage

Technology that you can rely upon

The MC561 is built on tried and tested digital LED technology that has delivered reliable and high quality printing for more than 20 years. This is why we offer a three-year on-site warranty. With fewer moving parts and single-pass technology, the MC561 keeps on delivering, time and time again.

- 3-year warranty protects your investment
- Easy-to-replace toners, with single drum unit to minimise user intervention
- Compact and robust design with a 60,000 page duty cycle.

The MC561 features at a glance

| | |
|----------------------------|---|
| Print speed (A4) | Colour 26ppm; Mono 30ppm |
| Time to first print | 8 seconds colour / 7.5 seconds mono |
| Print quality | ProQ2400 Multi-level technology, 1200 x 600dpi |
| Printer language | PCL6 (XL3.0 & PCL5c) PostScript 3 emulation, SIDM (IBM-PPR, EPSON-FX) |
| Scan document input | 50-sheet Reverse Automatic Document Feeder (RADF), flatbed scanner |
| Scan to | FTP, HTTP, USB stick, E-mail, TWAIN, CIFS |

| | |
|---------------------------|---|
| Fax speed | ITU-T G3(Super G3) 33.6kbps, 3 seconds/page |
| Fax page memory | 4MB (approx. 200 pages) |
| Paper capacity | 350 sheets of 80gsm |
| Paper weight | Up to 220gsm |
| Dimensions (HxWxD) | 444 x 427 x 509mm |
| Memory | Standard RAM: 256MB; Maximum RAM: 768MB (Optional 256MB or 512MB DIMM) Standard SDHC Memory Card: 4GB (Maximum SDHC: 32GB) |

Business Printing Specialists

OKI Printing Solutions is a global business-to-business brand dedicated to creating cost effective, professional in-house printing solutions which are designed to increase the efficiency of today's and tomorrow's businesses and their workflows. As pioneers in innovative print technologies from digital LED to High Definition Colour, we have a portfolio of award winning products and solutions enabling businesses to achieve both image focused, vibrant, quality print communications and budget flexibility.

OKI Printing Solutions presents a full range of A3 and A4 colour and mono printers and MFPs, for workgroups and businesses of all sizes with superior media-handling capabilities. In addition our fax, POS and dot matrix printers complete our range of print solutions. These best in class products are designed to be easy to use making the job of in-house print easier.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI Printing Solutions continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI Printing Solutions' Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

CarbonZero Manufacturing Facilities

OKI Printing Solutions' three main production facilities, located in Ayutthaya (Thailand), Shenzhen (China) and Fukushima (Japan), which manufacture printers and MFPs for the company's European and broader global markets have been made "CarbonZero" in a bid to slow down global climate change. This initiative is in accordance with our commitment to reduce total Greenhouse Gas Emissions, with an emissions reduction target of 6 per cent by 2012. This target is in line with the United Nations climate change objectives. We have invested in a range of carbon offsetting projects through co2 balance, to offset these factories' carbon emissions making them 'CarbonZero'.

20 years of LED Technology

OKI Printing Solutions pioneered the development of digital LED technology in printers over 20 years ago. This innovation delivers High Definition printing – for more accurate, striking printed documents. Thanks to this digital LED technology, our printers are compact, environmentally friendly and energy efficient, using significantly less raw materials in the manufacturing process and consuming less energy. LED print heads have no moving parts, making our LED printers robust and ultra reliable.

Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy-efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.

Simply Unique - 3 Year On-Site Warranty

Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years – for free! Simply register your product within 30 days of purchase to be eligible for our unique all inclusive offer. Fully covered by OKI! For further information please visit:
